

The Three Meeting Schedule

With the agreement of the heads of the Transition Team, the Central Governance Board and the St. Matthew Council, the following dates, times, and places have been set for the three meetings to discuss the future of the Central and St. Matthew congregations. The reasoning behind the schedule is this: We want to hold the meetings close together so that the information gathered and impressions made will be fresh and clear. We thought that the Central folk would be able to focus more clearly on their historic past and promising future from within the Parsonage. We have included members and friends because we know there are people who might attend more than one meeting and there are some people who are not members but do have a real interest in what lies ahead. We want all voices to be heard. We look forward to three very productive, informative and loving meetings.
